- 64-73** Chincho furniture
- 74-83** Ecija furniture
- 84-93** Anto furniture
- 94-95** Complementary basins
- 96-97** Complementary worktops
- 98-99** Complementary handles

Puerto

Wall hung & floor standing furniture

Contemporary, handleless, push to open doors and drawers and a stunning chamfered edge design make Puerto a smart choice.

The basin units can be styled with a thin edge, ceramic, sit in basin or with a coordinating worktop and washbowl. There is also the option to team the units with elegant legs to give a floor standing look! Add to that the stunning choice of colourways you'll find Puerto is a very desirable, customisable collection.

Callosa

Wall Hung Furniture

A stunning modular furniture family, Callosa boasts a unique look through the sophisticated blend of contrasting materials and finishes. With a handleless design, linen-effect coloured cabinet interiors and soft close doors and drawers as standard, the collection simply oozes contemporary cool.

Available in a soft Matt Cotton combined with an Oak Effect insert or in a sleek Matt Black with a Black Glass insert, the design offers a seamless look with the option of a coordinated coloured basin; a clean white ceramic basin is an option too for yet another contrast!

Linares

Wall Hung & Floor Standing Furniture

Linares modular furniture blends a subtle integrated handle with soft, smooth curves resulting in a beautifully designed collection. Luxuriously silent soft closing doors and drawers further add to its charm. Available in a range of stunning on trend colours from tactile matt finishes in statement hues to a crisp white high gloss, the contemporary design makes it all look so stylish!

With a great choice of unit sizes, Linares provides plenty of practical storage space for toiletries and towels, keeping your bathroom a clutter-free zone.

Alzira

Wall Hung Furniture

A 'bang on trend', wall-hung modular collection, Alzira comes in a stunning textured design throughout both its unit fronts and sides. Its soft fluted lines offer a design-led look whilst the wrap-around drawer box offers something unique. With soft-close, handleless drawers and doors, Alzira really does give a refreshing new look.

Available in three on-trend matt lacquered finishes; Matt Willow Green, Matt Mineral Grey and Matt Cotton, the family consists of basin units and a tall unit, providing handy storage space with premium linen-effect lined interiors. Use the vanity units with the crisp white ceramic basin or combine with a unit top and choice of washbowl for a design that complements your overall scheme.

Ronda

Wall Hung & Floor Standing Furniture

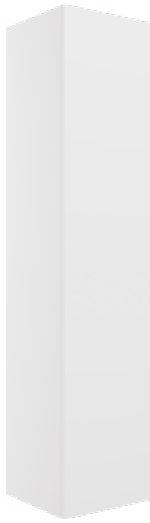

Transform your space and make a statement! Offering a wide range of design options, Ronda, comes in a range of colours from the eye-catching and bold to the more soft and serene, but all in a beautiful tactile super matt finish.

Customise your choice of units with Chrome, Matt Black or Brushed Brass metal accents in the form of sleek handles or even a floor standing frame which also provides a practical side towel rail. The choices don't end there either! Choose the stylish inset ceramic basin for its simple lines, or combine your vanity unit with a worktop and washbowl to really give a wow factor. With so many options you'll be spoilt for choice.

Navia

Wall Hung Furniture

With its old school glamour, the stunning marble effect of the Navia collection is a design statement that will endure. Combine a countertop shelf and a drawer storage unit for the perfect mix of style and practicality. With its generous depth and silver trim, the drawer offers plenty of practical storage, whilst the countertop shelf provides good space around a washbowl for those most used toiletries and stylish accessories!

Washbowls

Choose from a selection of sophisticated designs. Latest trends include thin moulded edges on resin basins, new modern shapes and on trend colours and finishes.

All washbowls are for use with tall basin mixers or wall mounted basin mixers.

Be sure to check your unit depth as some washbowls are not compatible with our slimmer depth units.

Fitted Furniture Worktops

All Chincho, Ecija and Anto base units require a worktop; choose from classic laminates, high pressure laminates or cutting edge, slim solid surfaces.

Classic laminate worktops

For use on Chincho, Ecija and Anto furniture.

Sparkling laminate worktops

For use on Chincho, Ecija and Anto furniture.

High pressure laminate worktops

An extremely durable decorative surface, high pressure laminate offers a strong and water resistant surface.

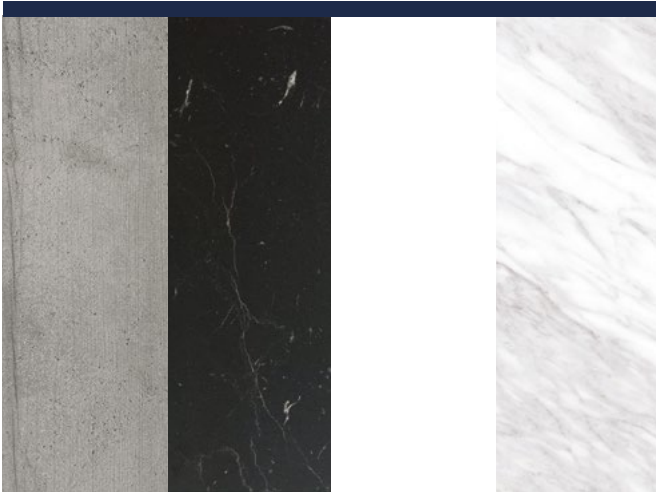

For use on Chincho, Ecija and Anto furniture.

Slim solid surface worktops

Can be cut with standard woodworking tools. Specifically designed for bathrooms. Fitter friendly with no water ingress or penetration.

For use on Chincho, Ecija and Anto furniture.

Suites

The shape of your suite sets the style for the rest of your bathroom, so it's important to consider what look & feel you want overall when choosing. We have sizes to suit large bathrooms or small cloakrooms and a range of shapes that reflect the most popular current styles.

- 102-103** Tarifa suite
- 104-105** Cadiz suite
- 106-107** Leon suite
- 108-109** Sagunto suite
- 110-111** Cordoba suite
- 112-113** Alicante suite
- 114-115** Langreo suite
- 116-117** Tarragona suite
- 118-121** Santiago classic suite

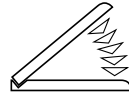

- 122-125** Wall hung frames, concealed cisterns and flush plates

How to choose the right suite options for you

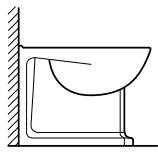

Close Coupled WC

A close coupled WC has the cistern resting directly on top of the pan towards the rear.

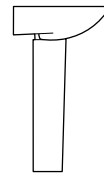

Soft Close Seat

The soft close function ensures that the seat and lid close slowly without banging against the pan, reducing noise and risk of damage.

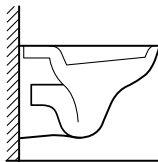

Back to Wall WC

A back to wall WC has the concealed cistern hidden behind a wall or fitted furniture.

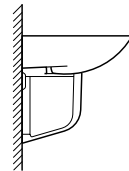

Full Pedestal

The most popular choice, a full pedestal hides all the pipework whilst supporting the basin.

Wall Hung WC

The pan is held off the ground by a hidden supporting frame and, as with a back to wall WC, the cistern is hidden.

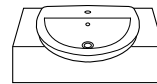

Semi Pedestal

Increasingly popular, a semi pedestal sits under the basin and hangs from the wall, freeing up floor space below it.

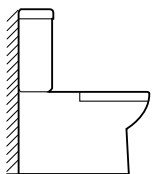

Rimless WC

Rimless WCs are easier to clean as they flush without needing a rim.

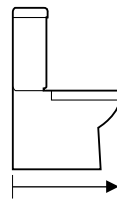

Semi Recessed Basin

Designed to be mounted into a work surface or furniture, the front of the basin protrudes forward, whilst the rear part is recessed.

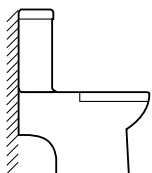

Fully Shrouded

The waste pipe and water inlet are fully shrouded within the ceramic so the toilet sits flush against the wall.

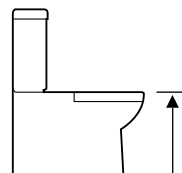

Short Projection

Reduced depth pans don't project out into the room as far as a standard toilet, making them perfect for smaller spaces.

Open Back

Open back toilets have access at the back for your pipework, perfect if you are planning to box in the pipes from left or right.

Comfort Height

Set at a 450mm height or more, comfort height pans provide added comfort, especially for taller people or the elderly.

Complementary Ceramics

Use our complementary ceramics with our furniture ranges.

LIFETIME GUARANTEE
on ceramics

Tarifa

Square design with a soft finish

Wall hung frame systems

Frames allow you to safely and securely fix wall hung products. They provide support for wall hung WC's loaded up to 400kg. Frames can be used inside a partition wall, behind tiles creating the illusion of space by freeing up the floor area.

30 YEAR GUARANTEE
on all Supercast® Baths

Supercast® baths

What is Supercast®? Strength and beauty combined

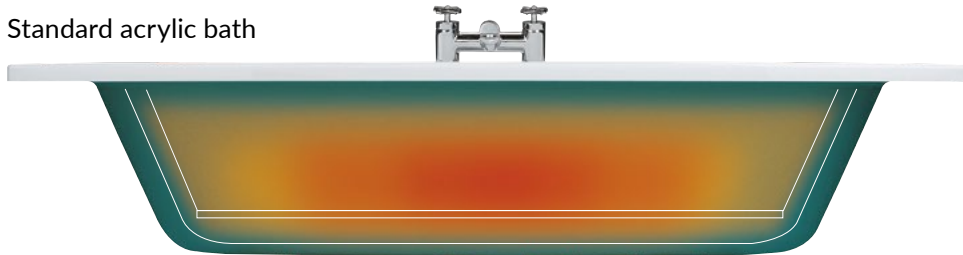

Supercast® is a substantial reinforcement process for an acrylic bath.

This reinforcement process results in each bath being incredibly strong and hard-wearing. This gives you the reminiscent assurance of an old cast iron bath with the natural warmth and quality acrylic has.

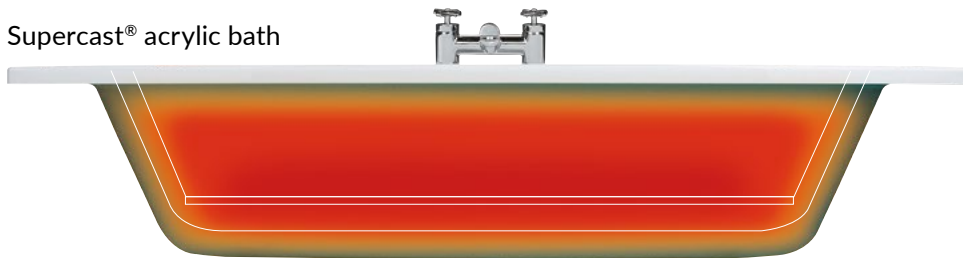

Acrylic's unique properties make it ideal for manufacturing baths. Acrylic allows itself to be moulded into many shapes giving many possibilities for varied designs, an attribute that enables baths to be manufactured with design and function working in harmony. The natural gloss is cast all the way through the acrylic resulting in a product that is smooth and ever so easy to clean.

The intensive reinforcement processes and final (grey) 'flow coat' jacket to the entire underside of the bath adds strength and insulating properties. This keeps your bath water hotter for longer!

Standard acrylic bath

Supercast® acrylic bath

Super strong

Supercast® reinforcement process results in a strong, hard-wearing bath

Increases insulation

Keeps your bath water hotter for longer

Warm to the touch

Natural high gloss finish is smooth and easy to clean

Enclosures & Trays

Shower enclosures now feature in most new bathrooms and have developed to become an integral part of defining the overall style of the bathroom.

With a wide range of shapes and sizes on offer, your new bathroom design will be greatly enhanced with the addition of a stylish enclosure.

154-161	Wetroom panels
162-163	Easy Care accessories
164-165	Luz enclosures
166-167	Relajo enclosures
168-171	Calpe enclosures
172	Linear slate trays
173	Slate Grey shower trays
173	Linear shower trays
173	Anti-slip Ultraslim trays
174	Matt Black low profile trays
174	Designer Ultraslim trays
175	Low profile trays

Enclosures overview

Designed to complement your personal style

Whether you are doing a complete bathroom refit, creating a new en-suite or updating an existing bathroom, our enclosures are completely versatile in their appearance, shape and size.

Safe and strong as standard

All our enclosures are made from high quality materials and components to give you the ideal, personalised shower experience for years to come.

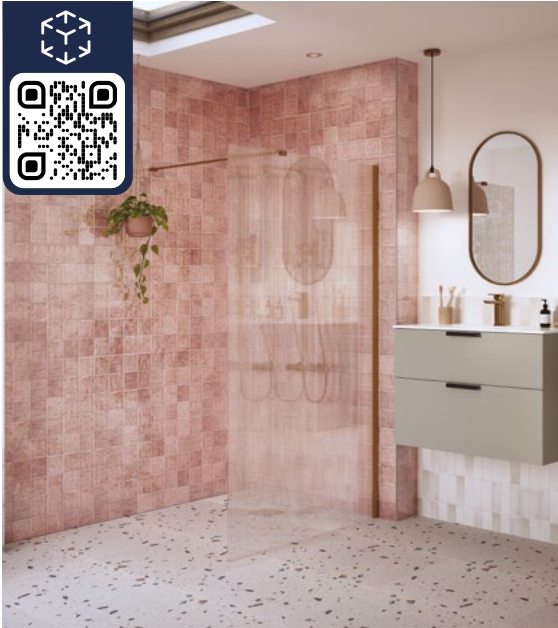

Guarantee

All enclosures come with a lifetime guarantee for peace of mind. When choosing an enclosure you can be assured we have a genuine commitment to service, spares and aftercare.

Shower Trays

Linear Slate Trays

The Linear Slate shower trays are just 30mm in height, complete with an integrated hidden waste design.

Slate Grey Shower Trays

Luxury slate effect cast stone trays at just 25mm high offer the ultimate modern look.

Linear Shower Trays

Unique to the Linear range is smart water capture technology where liquid is drawn from the surface and delivered at the correct velocity to a capture chamber beneath the waste cover. This ensures that the vortex waste unit is fed at the optimum rate allowing it to function at up to an incredible 30 litres per minute, keeping excess water and soap deposits to an absolute minimum. The waste unit has no moving parts and is entirely self-cleaning, making this technology extremely reliable and reducing the possibility of blockages.

Anti-slip Ultraslim Trays

The 25mm high, 100% natural stone resin trays offer an ultra stylish minimal wetroom look. The Patent protected unique surface is built into the tray and is easy to clean which makes your tray look ultra bright for longer.

Matt Black Low profile Trays

At 40mm high, finished in a Matt Black Acrylic with a stone resin back, these trays can be installed flat to the floor or raised on legs with the matching Matt Black Riser Kits. Included with the tray is a fully black 90mm fast flow waste which allows up to 32 litres of water to be carried away every minute.

Designer Ultraslim Trays

The 25mm high, 100% natural stone gel coat finish tray with a flush fitting waste cover offers an ultra stylish minimal wetroom look.

Low Profile Trays

With an incredibly discreet profile of just 45mm, the Slimline Tray offers the contemporary design of a wetroom styling. Whether it is installed flat to the floor or raised on legs, it's sure to impress. The 90mm fast flow waste allows up to 32 litres of water to be carried away every minute.

25mm Waste Brushed Bronze	KBBS108971	£111

- Handmade in the UK
- 25mm high, 100% natural stone resin
- Tested flow rate of over 33 litres per minute
- Advanced design features incorporating hidden water capture and virtual flat surface technology
- Genuine wetroom alternative without the associated costs and fitting challenges
- Fully complies with EN274 European standard for shower flow rates
- Flush fitting with floor tile for level threshold entry
- Dedicated high flow, self-cleaning vortex waste unit
- Unique 135 x 135mm stainless steel flush fitting waste grid
- Simple and standard shower tray fitment
- Suitable for wheelchair access
- Includes high flow vortex waste with stainless steel cover
- Lifetime guarantee against manufacturing defects

- 45mm single skin acrylic capped moulding with stone resin back layer - making these trays 30% lighter than standard resin trays
- Low profile design
- Tested flow rate of over 32 litres per minute
- Install flat to the floor or raised on legs
- Includes 90mm Fast Flow Waste, top access
- 10 year guarantee

Showers

Choose a mixer shower that connects to the hot and cold water supplies and then mixes the water inside the shower to your selected temperature.

Mixer showers normally deliver a higher flow rate than electric showers and are often thermostatic to protect against scalding. Ideal for homes with readily available hot water. You can also add a pump if required to boost the flow from a gravity fed system.

- 178-185** Vema Showers
- 186-189** Mixer showers
- 190-193** Mixer showers - Create your own
- 194-195** Accessories
- 196-197** Traditional showers

VEMA

Showers by Vema

Situated in the Piedmont region of northwest Italy, VEMA products blend excellence and innovation with traditional craftsmanship, whilst also utilising modern technologies to produce designs which embody that recognisable “Italian style”.

In fact, Italian design, engineering, elegance and practicality are the characteristics that you can count on by trusting in VEMA. Our products offer beauty and reliability that will enhance any bathroom space with their distinctive quality and timeless appeal.

on all mixer showers*

Which shower valve to select...

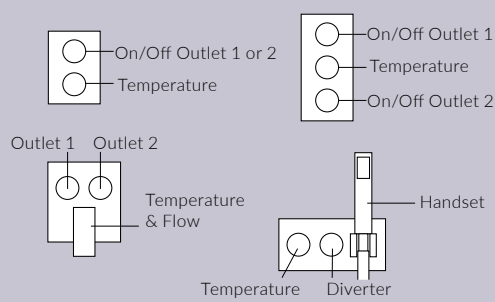

Single outlet

Operates a single outlet only such as a slide rail kit OR a fixed showerhead.

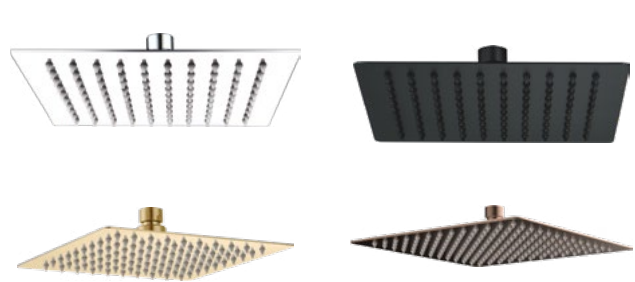

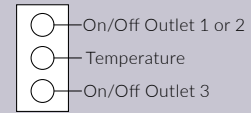

Two outlet

Operate two outlets such as a slide rail kit AND a fixed showerhead independently.

Three outlet

Operates two outlets but gives the option for up to 3 outlet fixtures such as a slide rail kit AND a fixed showerhead AND an overflow bath filler.

VEMA

Taps by Vema

Situated in the Piedmont region of northwest Italy, VEMA products blend excellence and innovation with traditional craftsmanship, whilst also utilising modern technologies to produce designs which embody that recognisable “Italian style”.

In fact, Italian design, engineering, elegance and practicality are the characteristics that you can count on by trusting in VEMA. Our products offer beauty and reliability that will enhance any bathroom space with their distinctive quality and timeless appeal.

Fibo

Fibo Wall Panels

Designed & manufactured in Norway, Fibo wall panels give you 100 percent waterproof walls with exceptional durability.

Made with a 7 layer Birch core, panels simply click together with Fibo's unique Aqualock system which provides virtually invisible joints. With the membrane in the panel front, you never have to worry about hidden damage on the back wall.

Panels can be installed up to five times faster than tiles too, which makes them a great option for fitters.

The panels are available with a range of profiles and accessories to make installation and maintenance easy. With fantastic antibacterial as well as environmental credentials, plus a 25 year warranty, the only question is which style of panel will you choose?

- 10mm thick wall panels available in a wide range of tile effect styles to suit any bathroom
- Choose from Urban, Scandinavian, Contemporary or Marble collections
- Range of profile trims and accessories available
- Panels are easily cut to size and can be screwed or glued directly onto solid or stud walls meaning no need for backing boards
- Use the QR code above to visit Fibo's and find out more about the benefits of waterproof wall panels

on all radiators

Heating features

CH Central Heating

The benefit of this type of installation is that it is economical to run when the central heating is on. Suitable for use with indirect central heating systems (your plumber/installer will be able to advise the type of system you have). The radiator is fitted to your central heating system and works alongside your existing radiators.

E Electric

The benefit of this type of installation is that the radiator can be installed almost anywhere and does not require any pipework. It has the added versatility of being able to be turned on and off whenever required, regardless of whether or not the rest of your central heating is on. An electrical element kit with a fused spur is required and wired to your electricity supply. The electrical element is screwed directly into the radiator and heats the water.

DF Dual Fuel

The best of both worlds! This type of installation is plumbed with indirect central heating systems and or your electrical supply.

This guarantees the low cost of a central heating system during the winter whilst ensuring the versatility of being switched on and off independently during the summer months. Central heating, electric or both - the choice is yours!

LIFETIME GUARANTEE
on underfloor heating

Underfloor heating

Becoming more and more popular, electric underfloor heating distributes heat evenly throughout your room, alleviating cold spots and allowing you to remove radiators which can take up valuable wall space. It's more energy efficient than conventional heating methods too and provides a luxurious feeling underfoot.

SUITABLE FOR MOST PROPERTIES

LUXURIOUS FEELING OF WARM FLOORS

ENERGY EFFICIENT

FLEXIBLE CONTROL THROUGH ZONING AREAS OF THE HOME

NO COLD SPOTS

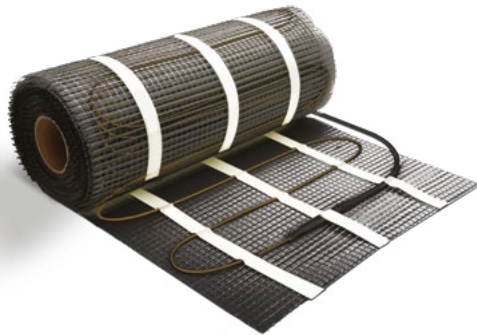

MAXIMISE SPACE IN THE HOME, NO RADIATORS ON THE WALL

TILE BACKER

Tile Backer Board is the perfect insulation panel for use with our 150 watt cable heating systems. The board will dramatically reduce heat loss and running costs by up to 25%. The boards are waterproof, provide great sound insulation and can be easily cut down to size.

1200 x 600 x 6mm Board KBBS108834 **£90**
Pack of 5

STICKYMAT

Our heating mat cables feature dual-core resistive heating wires with FEP (Teflon) inner insulation and 4mm PVC outer insulation. These cables are spaced evenly at 65mm intervals to ensure uniform heat distribution across the floor, tailored to the required heat output.

Simply roll out a length, cut, flip and stick down the mesh until the floor area is covered. It is perfect for evenly heating large or regular-shaped rooms

150 watt undertile sticky heating mat

1m ²	KBBS108836	£98
2m ²	KBBS108837	£133

7m ²	KBBS108839	£300
10m ²	KBBS108840	£405

LOOSE WIRE SYSTEM

The loose cable system uses the same high-quality dual-core resistive heating cables with FEP (Teflon) inner insulation and 4mm PVC outer insulation. Supplied on a drum, this flexible system allows you to arrange the cable in any configuration to suit your space, making it perfect for tight, confined, or irregularly shaped areas.

Loose cable 150 watt - 20m	KBBS108842	£133
Loose cable 150 watt - 30m	KBBS108843	£149
Loose cable 150 watt - 40m	KBBS108844	£159

DIGITAL THERMOSTAT

The Digital Programmable Thermostat is a simplistic, yet stylish underfloor heating thermostat designed for use with electric underfloor heating. The digital programmer can be used to control the air (ambient temperature) or floor temperature and as a standard it can be set to either 7 day or 5/2-day programs allowing each day to be different or weekday/weekend settings accordingly.

White KBBS108845 **£108**

WIFI THERMOSTAT

The Smart Wifi Thermostat is an intuitive, programmable thermostat used to control your electric underfloor heating system. Simply download the 'Smart Life' app via your iOS or Android platform which will then allow you to remotely manage your heating, plus you can also use Google and Alexa to control the system too. This thermostat has a professional design and many features such as 'Holiday Mode' and 'Hold Temperature' functions.

White KBBS108846 **£139**

TOUCH SCREEN THERMOSTAT

The Touch Screen Thermostat has an ultra-sleek, minimal design with chrome surround, and a full glass display with touch sensitive control. It will keep your home at a comfortable temperature whilst minimising energy use.

It's supplied with a 3m floor sensor probe and will also sense if a window has been opened as it detects when the room temperature plummets, so will automatically shut off for 15 minutes.

White KBBS108847 **£169**

2 YEAR GUARANTEE

on all mirrors

Mirror features

Battery Operated

If you want to avoid wiring but still require LED lighting. Quick and easy to install.

IP44 Rated

All of our products comply with electrical safety regulations and have been given an IP rating of 44, which protects against sprays and splashes of water. See technical specifications for bathroom zones.

Demister Pad

Many of our mirrors contain a demister pad which gently heats the mirror once it is switched on. This then makes the mirror steam free.

Rotatable

Some of our mirrors can be positioned landscape or portrait.

Touch Sensor

Easily allows you to switch your lights on and off with touch.

Infrared Sensor

Easily allows you to switch your lights on and off with the swipe of a hand. No touch needed.*

Charging Socket

Suitable for electric shavers and toothbrushes.

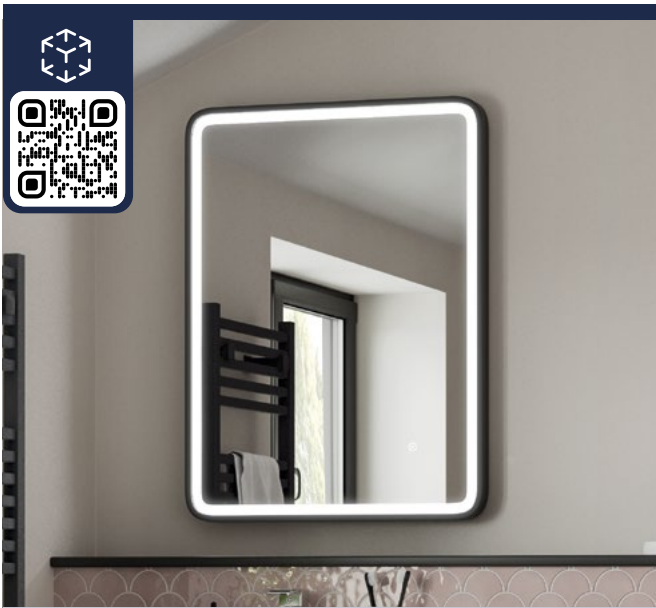

Dimmable

Lighting that can be adjusted at the touch of a button.

Colour Changing

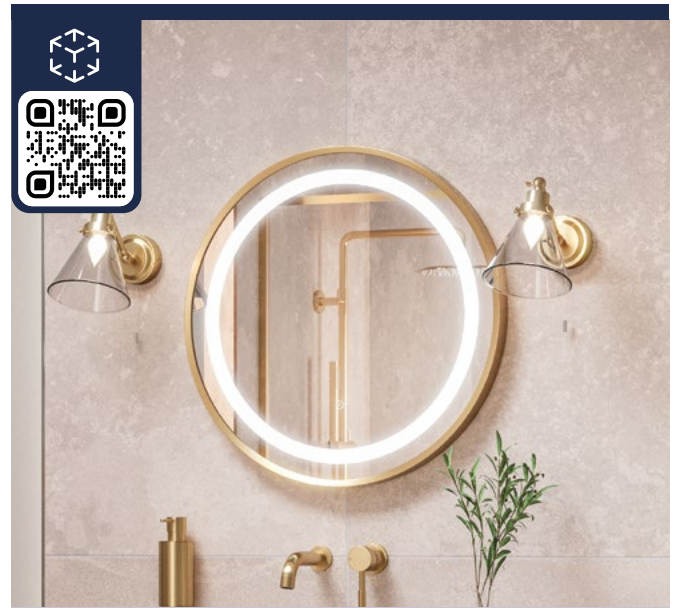

Adjust the light from cool to warm.

Lighting

Our stunning collection of bathroom lights are all IP44 rated and so suitable for use in zone two.

Zone 1

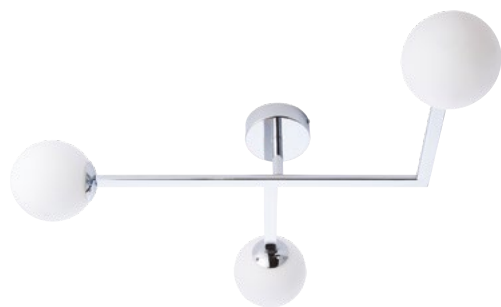

Electrical fittings in this zone require a separate extra low voltage and a minimum rating of IP65 (splash-proof).

Zone 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

Outside Zones

Electrical fittings in this zone require no IP rating (unless cleaned by water jets).

Shower water systems

There are a few different types of water systems in homes in the UK. We can usually make some assumptions about the sort of water pressure each will give.

Gravity Fed System

This is usually a tank in the loft space or inside an airing cupboard. A basic guide to establish how much pressure it will deliver is how high the tank is above the tap or shower. If the tank is 2 metres above the level of the tap or shower, the water pressure will be 0.2 bar. If it is 5 metres, the water pressure will be 0.5 bar. Generally this type of system is low pressure however you can increase the pressure by installing a pump. It is recommended to seek advice from a qualified engineer or manufacturer before choosing your pump as these vary in performance.

Mirrors & lighting

Combination Boilers

These are high pressure systems and are usually set to operate between 0.8 to 1.5 bar. Minimum and maximum pressure can be checked with the manufacturer however most boilers have a gauge to show what pressure it is operating at. Combination boilers have an integrated pump so if the water pressure is too low for your required application, adding another pump can damage the boiler.

Sealed/Unvented Systems

These are modern systems. If you have a hot water tank, but you don't have a cold water tank (cistern) in your loft or garage, this is an unvented high pressure system. They are quite uncommon as they are more expensive however they can usually deliver around 3.0 bar of water pressure.

Zone 1

Electrical fittings in this zone require a separate extra low voltage and a minimum rating of IP65 (splash-proof).

Zone 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

Outside Zones

Electrical fittings in this zone require no IP rating (unless cleaned by water jets).

Terms & conditions

Your new bathroom products have been designed and manufactured to high standards and all come with a reassuring manufacturer's guarantee. Guarantees apply to manufacturing defects and do not apply to accidental damage, wear and tear or any item or component rendered defective by unsatisfactory planning, faulty installation, improper or negligent use or damage resulting from failure to maintain the product in accordance with the customer care instructions.

Guarantees do not cover any product that has been modified or altered in any way.

Guarantees do not cover any product that is installed with a fault that would have been clearly evident before installation. In the interest of continuing design development and product improvement, we reserve the right to amend or adjust specifications at any time. Where an identical product is no longer available we will supply the nearest equivalent from our current range. Guarantees are for the original purchaser of the product, they may not be transferred to a subsequent purchaser of the premises in which the product is initially installed.

Due to our policy of continuous improvement, we reserve the right to amend specifications, designs and colours without prior notice.

Suggested selling prices are including VAT. Due to circumstances beyond our control, prices may have to be altered including changes to the rate of value added tax.

The colours and finishes shown in this brochure are as accurate as possible within the limits of the printing process. Please note we always recommend viewing an actual swatch of our furniture ranges before purchase.

Whilst every effort has been made to ensure accuracy of the information supplied herein, we cannot be held responsible for any errors or omissions.

Fibo

The smart way to transform walls

Invented, designed and produced in Norway since 1952

Fibo was the first to make the 'click' system for walls.

Starting out quite modestly in a small factory in Southern Norway, today we operate a multi-million pound award winning factory producing panels for over 100,000 bathrooms a year.

We are now the leading supplier of plywood waterproof wall panel systems across Europe.

Fibo system in a nutshell

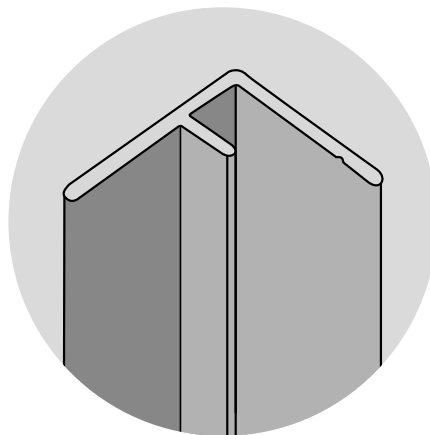

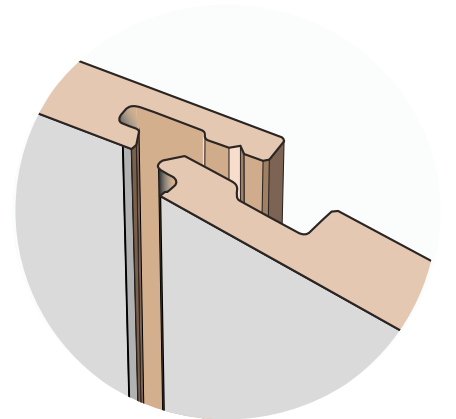

Fibo's wall system is a fully watertight solution that consists of wall panels, profiles and accessories.

The system does not require plaster, vapour barriers or grouting.

Walls

The Fibo panels are made from a high-pressured laminate surface, seven layered plywood core and enhanced moisture barrier. All panels are supplied with our unique Aqualock system and are easy to fit.

The panels can be screwed directly into studs or glued to existing walls. This means you have no need for backing boards or chipboard. The system does not require plaster, vapour barriers or grouting.

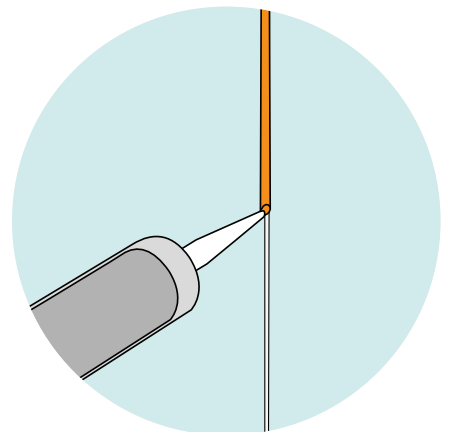

Profiles

We have a range of profiles specially adapted to make the system 100% waterproof.

Accessories

Our range of accessories provide everything needed to easily install and maintain the system. Provided that the wall panels are correctly installed, we provide a 25-year warranty on our panels.

Scandinavian

Tile-Effect Collection

Urban

Tile-Effect Collection

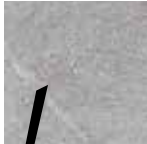

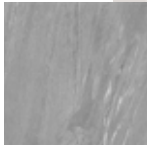

Elevating your spaces easily

Create your ideal designed room with our waterproof wall system. Our stunning designs allow you to create the perfect mood from a selection of colours and finishes including marbles, stones and woods in tile and plain panel patterns.

Warm it up with hues of olive green.

Calm

Shabby Chic

Go back to nature with our new woods and stones.

White Marble

Create a Scandinavian space with our neutral decors

Our natural stones are always a hit in creating a serene kitchen & bathroom feel.

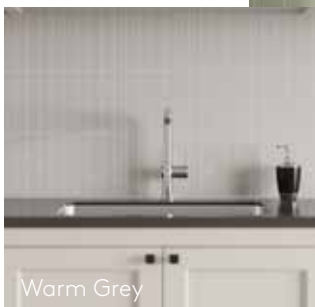

Light Wood Slat

Try our new slat effect, for that spa like space.

Refresh your kitchen easily. With our panels you can fit them to existing tiles for a quick uplift.

Create a traditional space with our various tile patterns

Warm Grey

Olive Green Straight Herringbone

We have plain white tiles with white and black grout lines, both offering the opportunity to mix and match with other decors.

Denver White

Tip: you don't have to stop at colour to create a feature wall. Zone your shower to create a feature point in your space.

Traditional

Dusty Blue

Deck out your space with the latest trending tile patterns – herringbone and metro brick in a range of colours suited to your palette.

Tip: you don't have to go with white when trying to keep it light in a small space

Update your space with our bold decor colours for a modern, boho style

Bottle Green

Grey Sahara

For a bolder look, match our natural panels with a pop of colour from our Contemporary or Signature collection.

Oak Nature

Our panels can fit every bathroom, whether you have free standing furniture or would like to wrap tiles around the bath.

Modern

Tip: to help create the illusion of a tall ceiling in a small room, go for designs like the chevron. The vertical lines create the perception of taller walls.

Moonstone Chevron

Try a half wall with our new Moonstone decor to enhance your walls.

Rough Wood

Industrial

Cracked Cement

Create a warm rustic feel in your space using our wood, concrete and cement decors

Style guide

Create the perfect space by selecting your favourite decor or mix and match panels and profiles to create a design that is uniquely yours.

We've carefully selected our favourite combinations to help you create your dream bathroom space. How will you pair yours?

Customising your walls...

Step 1

Choose your design style

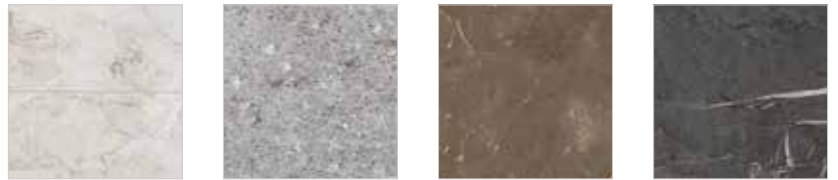

Calm – Scandinavian Tile Effect Collection

We offer a range of neutral colours of woods, stones, cements, marble and plain tile across our different collections to help you create a great Scandinavian space.

Traditional – Marble Collection

Our Marble collection offers you a range of traditional tile and plain options for the classic luxury look.

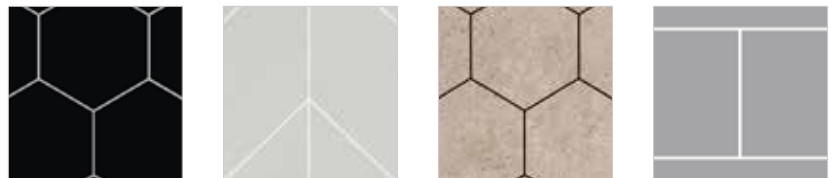

Modern – Contemporary Tile Effect Collection

Our Contemporary collection offers you a mix of bright and light colours and whites to revamp your space.

Industrial – Urban Tile Effect Collection

Our Urban collection offers you a range of tile patterns both traditional and modern in a range of colours, great to create different moods in a space.

Step 2

Map your room

Why not mix and match decors? You don't need a full wall to create a feature. Using a different panel decor to highlight a shower shelf might be all you need. We've pulled together some decors we think go together.

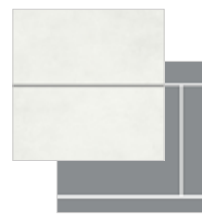

Light Wood Slat & Olive Green

Cracked Cement & Light Sand

Beige Stone & Dusky Pink Elongated Hex

Moonstone & Aberdeen Metro Brick

Polished Stone & Dusty Blue

White Marble & Medium Grey

Black Marble & White Straight Herringbone

Brown Marble & Shabby Chic

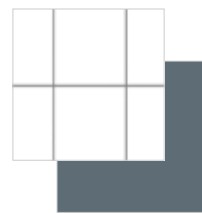

Dusky Pink & Avalon Pine Vertical Plank

Light Green & Light Terrazzo

Bottle Green Stacked Subway & Oak Nature

Denver White Stacked Subway & Dusty Blue

Black Hexagon & Dark Wood Vertical Plank

Moonstone Chevron & Pure Oak Vertical Plank

Rough Cement Hexagon & Dark Terrazzo

Medium Grey Metro Brick & Grey Stone

Step 3

Match your metals

Match your profile and sealant colour to the grout line or your other bathroom fittings.

Or for a bolder look why not try mix and matching your trims?

Scandinavian Tile-Effect Collection

Norwegian heritage

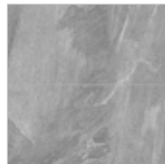

Bang on trend, the Scandinavian range reflects our Norwegian heritage with clean lines and smart tile effects.

Whether you prefer a rustic wood effect, a super-modern industrial look or a warm and cozy haven, this collection has something for everyone and can be styled in line with modern bathroom trends.

Fibo's tile-effect panels are specially produced with realistic grout lines that make them look and feel just like tiles but without the hassle of grout maintenance. Life is too short for cleaning!

Urban Tile-Effect Collection

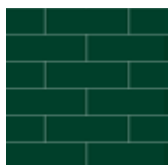

Modern, bold and stylish

Our Urban collection is both modern and stylish. With neat geometric designs such as the Stacked Subway, it is inspired by patterns and shapes found in urban city environments.

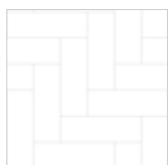

The trendy Metro Brick is now available with a splash of colour as well as the ever-popular white and grey shades. For a bolder statement in the bathroom, why not choose one of our Hexagonal designs now available in stunning Rough Cement. For a smart way to transform your walls, why not try the classic Herringbone or our new Chevron designs?

A simple and complete solution

Fibo's wall system is fully watertight and is supplied as a complete solution consisting of wall panels, profiles and accessories.

The system

1. Wall Panels

Composition

Our panels are made from a PEFC- certified seven-layer birch plywood core, a high-pressured surface, and Aqualock tongue and groove joint which is quick and easy to install, creating a 100% waterproof wall panel system for interior walls.

Designed and manufactured in Norway since 1952, creating instant transformations of walls within hours. The system is approved under stringent SINTEF wet room standards in Scandinavia.

High pressure laminate with a 100 % watertight surface

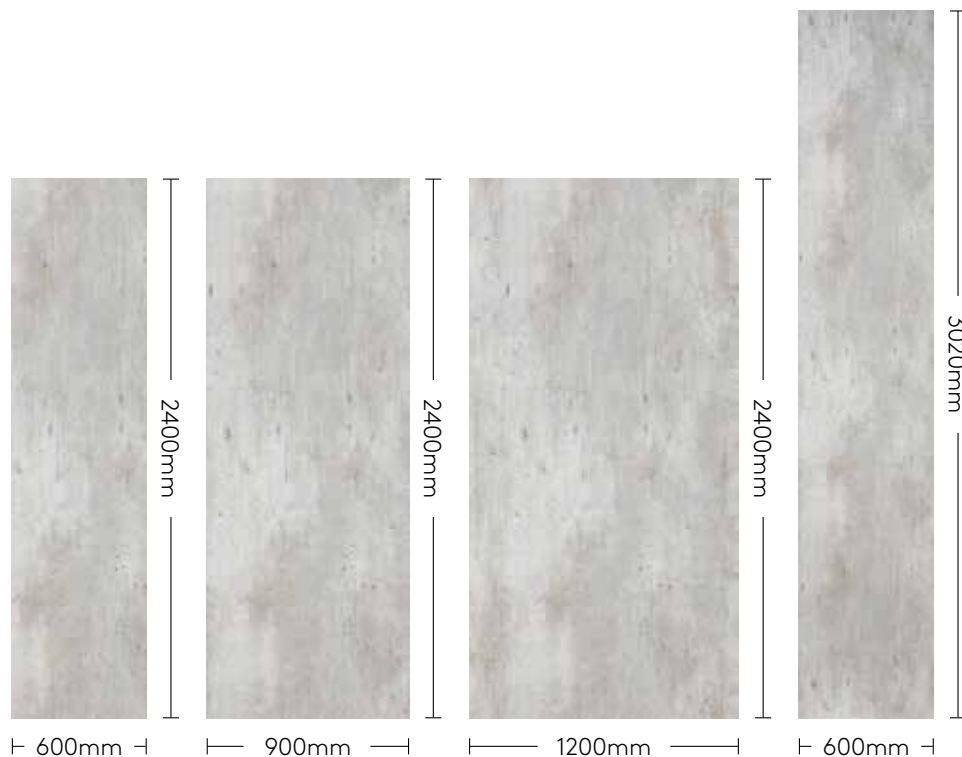

Plywood core

Enhanced moisture barrier

Panel size options

With 2400mm high and 600mm wide wall panels, you can easily cover the wall from floor to ceiling. Some of our panels are also available in 900mm wide with a tongue and groove joint and 1200mm wide in square edge only. As a special order, panels in heights of 3020mm are available for rooms with particularly high ceilings. For more information, please contact the office on 01494 771242 or email sales@fibo.co.uk.

When installing Fibo panels:

- ✓ Can be easily cut and adapted to your walls without the mess
- ✓ Can be screwed directly into wooden or metal stud walls, meaning you have no need for backing boards or chipboard
- ✓ Can be glued onto existing wall surfaces, such as tiles or concrete with Fibo adhesive
- ✓ Dry quickly, making them fast to fit
- ✓ Are durable, as they don't crack during transport, installing or with house movement overtime.

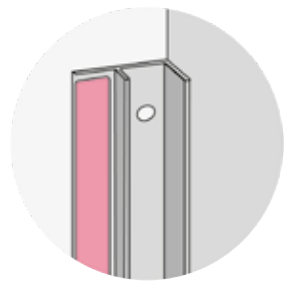

Design your bathroom from our range of tile and non-tile decors, and match it up with our selection of profiles.

The colour and pattern variation can vary from panel to panel. Please make sure you view laminate samples or visit a showroom to ensure you are happy with your choice of decor before purchase.

2. Profiles

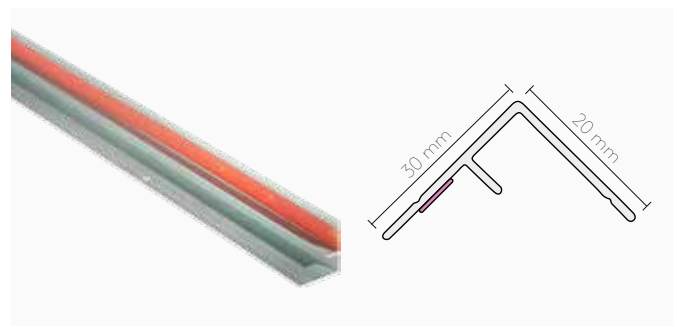

Like our wall panels, profiles also have two purposes. Not only are they there to finish off your beautiful bathroom, our profiles are also specially adapted to make the systems 100% waterproof.

Fibo
top tips

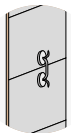

How to best use our profiles

- Use Hidden Internal Corners if you want a seamless room with no metal strips in the corners
- Hide exposed edges with a J or L shape – this really works with half walls
- Use an L shape for windows and boxing in

3. Accessories

Our range of accessories completes our system, by providing every fitter with everything they need to install, seal and finish the wall panel system to ensure it is 100% waterproof.

Fixing

Click Wax: make it easy fixing the panels in place with the Aqualock joint. Use on the back of the male joint only.

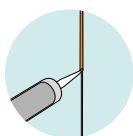

Grips: simplify lifting and fixing of panels in place with our Fibo grips.

Sealing tool: This is a superb multi-use tool. Use it to remove excess adhesive from panel joints and corner strips. Also use for smoothing the adhesive in the corners and around the base profile.

Adhesive: designed and tested in rigorous environments, glue panels to back wall substrates.

Tapping tool: use it in conjunction with two piece internal corner profile.

Sold in box quantities. Please speak to your local stockist for more information or call our sales team on **01494 771242**

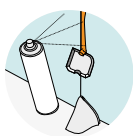

Sealing

Sealant: Specially designed to be used with the Fibo system, our sealant comes in 3 different colours to match your grout lines – black, grey and white.

Sealing tool: Grab that sealing tool again and use it to even out sealant on cut edges and remove excess sealant from panel joints and corner strips.

Cleaning

Wipes: Clean profiles before fixing them in place, using it to remove excess grout during assembly, usually in combination with Fibo Clean.

Cleaning Spray: Use it to remove excess grout during assembly, combined with the Wipes, and cleaning profiles before installation.

Sealing tool: This tool really is useful! Use it to remove or smooth excess sealant.

Magic Sponge: Use it to clean the panels and remove stains, for extra matt surface panels.

Fibo Wipes

Wall Panels in a Wet Room

Estimate that 1 pack (2 panels per pack) cover 1.2 meters of wall.

Accessories	Amount
Fibo Seal- Sealant	1 tube covers max 3 panel packs
Fibo Adhesive	1 tube covers roughly 3 panels (1.5 packs)
Fibo Profiles:	
Base profiles	1 (2400mm) base profile covers 4 panels
Internal corner profiles	1 (2400mm) internal corner profile
External corner profiles	1 (2400mm) external corner profile
L-Shape profiles	Depending on design and potential finishing in the room
J-Shape profiles	Depending on design and potential finishing in the room
Fibo Wipes (35 wipes per pack)	1 tub is sufficient for approximately 8 packs
Fibo Sealing Tool (2x tools per pack)	1 pack
Fibo Tapping Tool	1 piece is needed for a room with 2-part internal corner profiles
Fibo Grip	1 piece
Fibo Clean	1 can is sufficient for approximately 8 panel packs
Fibo Click Wax	1 piece is sufficient for approximately 8 panel packs

The benefits of using Fibo

Polished Stone
Code: 8304-M00

Look and feel like tiles

If you still want the look, feel and effect of tiles without the hassle and mess of grouting, Fibo is the perfect alternative. Some other wall panel manufacturers simply print the grout line onto the panel. However, we choose to carve out the grout line during the manufacturing process in our state-of-the-art factory.

Precision engineered Aqualock

Our panels are clicked together with the Fibo Aqualock tongue and groove joint which provides virtually invisible join lines. Joining the panels couldn't be easier. Just seal, click and go!

**25 years
Manufacturer's
Warranty**

Aberdeen
Code: 0089-M6040

100% waterproof

Our Aqualock joint makes Fibo wall systems the perfect choice for both renovations and new builds. Our unique system provides a 100% waterproof surface when used in conjunction with an approved sealant such as Fibo Seal.

Certified antibacterial

All Fibo wall panels now come with antibacterial certification. Our panel surfaces contain no harmful substances, require no special maintenance and are tested according to the ISO 22196 standard. This means that it is virtually impossible (99.99%) for E. coli and Staphylococcus bacteria to survive.

The certification covers all our panel decors, both with and without, tile designs.

Good for you and the environment

We only use PEFC-certified renewable plywood, without harmful chemicals, to produce our panels. Independent research confirms that our panels have a 37% lower carbon footprint than tiles when installed in a typical bathroom. To find out more, visit fibo.co.uk.

Tried and tested

Tried and tested in Norway for over 70 years, Fibo was the first to make the 'click' system for walls. Starting out quite modestly in 1952 in a small factory, today we operate a multi-million pound award winning factory producing panels for over 100,000 bathrooms a year. We are now the leading supplier of plywood waterproof wall panel systems across Europe.

Saves you money

Our wall panels are a more cost-effective alternative to tiles because you can save a significant amount of money on labour costs due to the ease of installation. There is no need to wait for tanking or grout to dry so you can install Fibo in a day!

Five times faster than tiles

Fibo wall panels are designed to make installation easy and efficient. The wall system can be mounted up to five times faster than tiles and panels can be attached to a timber frame, existing tiles or plasterboard.

Walls built for life

At Fibo we are committed to sustainable development, which drives every decision we make from our raw materials to our manufacturing.

Sustainable sourcing

All our materials are fully traceable, and we publish our Environmental, Social and Governance (ESG) report annually so you can track our progress. Our panels are PEFC-certified renewable plywood, without harmful chemicals, to produce our panels.

Impact on the environment

We continuously strive to reduce our environmental impact. We have reduced our energy consumption during manufacturing, halved the amount of plastic used in packaging and reduced wastage in production. Our factory has the highest environmental standard and is certified according to IOS 14001:2015.

Furthermore, an independent research report confirms that our panels have a 37% lower carbon footprint than tiles when installed in a bathroom.
